

Coming Alongside February 2023

# **SOME THINGS "SHOULD" NEVER CHANGE**

Many, many things are changing at a rapid pace in our culture today, and many of these changes are not for the good.

However, it is good to be reminded that some things never change. Certainly we know that our Lord never changes and that Jesus Christ is the same yesterday, today, and forever.

Unfortunately, some things that "should" never change, do change. For instance, I believe that many churches have altered the biblical methodology for evangelism. This should not be. The scriptures clearly teach in the gospels, the writings of Paul, and the book of James that all of us are to love our neighors as ourselves. This means that we are to deeply love everybody, including our actual neighbors. Every believer can learn to do this. As we pray for those we know and genuinely love them, then we can share the good news of Jesus with them as led by the Holy Spirit. That has been and always will be God's method for evangelizing the world.

Last month I happily shared that the Florida Baptist Convention is using their annual **Challenge 2025** Conference in February to focus solely on evangelism. Likewise, the annual **Exponential Conference** will focus on evangelism in March of this year. You can learn about both of these events and register below in this e-News.

Also featured in this e-News is an incredible, new relational evangelism training that has been developed by Dr. Del Tackett in partnership with Focus on the Family. It is called The Engagement Project and it will take place on March 18 at North Pointe Church in Lutz (see below). I pray many pastors and leaders will attend this one day training and then use The Engagement Project resources to train all of their members to intentionally build friendships with those they know in order that they might have the privilege of sharing the gospel with them.

I look forward to seeing many of you at Challenge 2025, the Exponential Confernece, and at The Engagement Project.

Coming alongside, Mike

From the Florida Baptist <u>Website</u>: As believers we are challenged to live out our faith in our daily lives through evangelism and discipleship. We each face challenges and hardships as we seek to advance God's Kingdom right

where He has placed us. We know as Florida Baptists we can do more together than we ever could alone.

So we work together. We challenge and sharpen one another. We encourage our brothers and sisters and we pick each other up when it is too hard to go it alone.

Gather with us on February 28 for a time of facing our challenges, addressing our ministry contexts and struggles and equipping one another to continue the fight for the advancement of the Gospel.

Today evangelism programs and ministries have a hard time getting off the ground and an even harder time becoming part of the DNA of most of our churches.

While evangelism might "appear" to be a lost cause in 2022, Scripture clearly teaches that God's commitment to evangelism is relentless, ultimate, and ongoing. God remains on a mission to restore a broken relationship with every single person we encounter.

Join thousands of others at Exponential 2023, where they will be teaching and training pastors and leaders about what it means to embrace evangelism and equip others to do the same.
